Interview

# Edito

*The holidays are undoubtedly one of the most anticipated moments of the year, concluding it or cutting it like a sublime reward. Holidays are a philosophy, an art of living during this escape, as we succumb to the desire of this new feeling. They captivate, capture and carry you away to an experience, a discovery, an adventure. This desire to read new faces, letting them tame you under other shores, is the source of this impulse that leads you to travel. The voyage is the culmination of an often idealized dream. It longs to be approached, felt, touched, perhaps even enhanced. We wish you longer, quieter, more contemplative and more enriching travel experiences.*

*This is where we come in, attentive to your expectations with discretion, kindness and inspiration. We are Mauritius, true to the brilliance of its reputation of welcoming and serving you with smiles and passion. You entrust us with the mission to surprise and satisfy you. You will leave us teary-eyed, dazzled by our island of light. We share this typically Mauritian art of living, this treasure that we cherish in the shelter of its case. We draw from your smiles and your happiness, the very wish to live up to it.*

*You are our energy*

*Thank you for trusting us with your special moments.*

# L'Atelier Restaurant

As a supporter of **short supply chains**, L'Atelier gives pride of place to **local suppliers**. We have established privileged links with **producers in Grand-Gaube** and the surrounding area, in order to give priority to their products. Fish, fresh herbs, vegetables and fruit in season are only one step away from being caught or picked, to being served or cooked.

It is a significant gesture, through which our involvement in the **local economy contributes** to offering our guests quality products.

In a **warm and relaxed bistro**

atmosphere, discover a subtle universe, mixing spices and flavours from Mauritius with fine dishes, **fresh produce and delicacies**. It will delight the taste buds of gourmets and gourmands, with meat or seafood, and will surprise those who prefer vegetarian dishes, with an island note...

With its selected references, the **Wine Cellar** offers itself to your sight. The selection proposed completes this harmony, to enhance the stages of this symphony with a few vintages.

"Cooking is a love story.  
You fall in love with  
the products and then  
the people who make  
them".

- Alain Ducasse -

## *Its uniqueness*

We suggest that everyone compose their own plate, according to their mood. Choose the flavours you like and the side order of your choice. Each week, a star plate is proposed to our guests, according to the **seasons** and your tastes. Every month we organise a live concert during our **BBQ brunch**.

# Interview

**Antoine Gijbels,**  
*Expatriate and influencer in Mauritius*

***Antoine, can you tell us about your holidays at Marguery Villas and Mythic Suites and Villas?***

My experiences at Marguery Villas and Mythic Suites and Villas were excellent. I love both resorts which I feel have their own advantages, making them both a must on this island.

**I love the perfect location of Marguery Villas, just a stone's throw from the most beautiful scenery on the island.**

All the while remaining in a **quiet and secure area**, away from the hustle and bustle. At Marguery Villas, we wake up, have a **king's breakfast** in the villa, with impeccable service, then spend the day in **incredible spots, climb mountains, swim with dolphins**, discover water sports and enjoy the superb villa with our friends.

At Mythic Suites and Villas, as soon as you enter the villa, **you feel at home**. You discover the joy of living in a **spacious, modern and inspiring place**. Of all the villas I have done with my job, Mythic Suites and Villas will always be the best. As with Marguery Villas, the service is worthy of the **finest establishments**. The customer, his needs and his satisfaction are

always at the heart of the resort's interest. Beware, if you decide to go to Mythic Suites and Villas, you may never leave. Again, thank you to the resort for the **fabulous chef in residence dinner** that we had the pleasure of experiencing.

### *Which is your best memory?*

My best memory was a morning at Mythic Suites and Villas... **a beautiful sunrise that gently woke me up, a personalized breakfast chosen the day before ready on the table**, all in such a setting, it gave me a lot of inspiration and energy to work on my projects for the rest of the day while taking a refreshing break in the swimming pool.

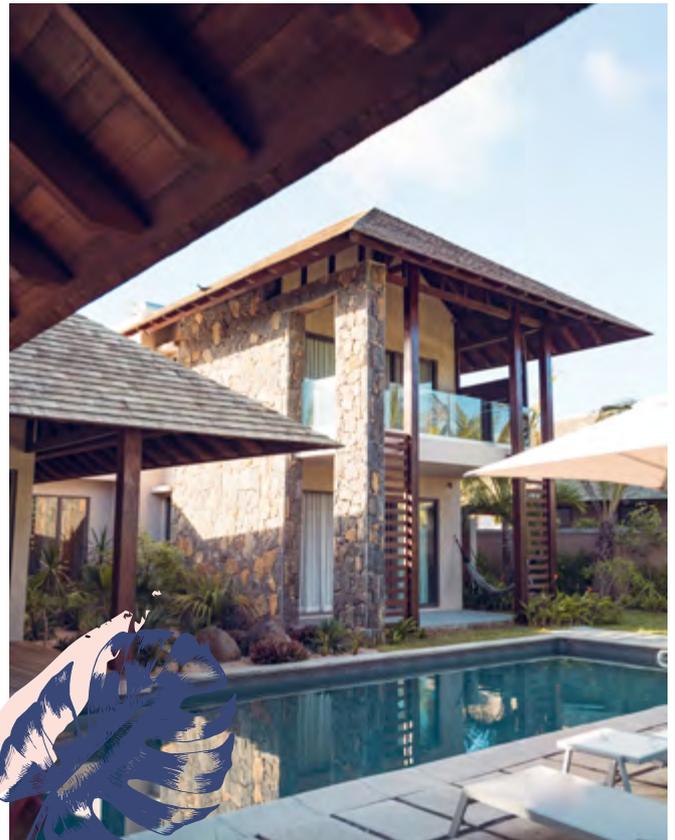

*During your holidays, you have discovered different services of concierge. Did you have a crush?*

**I was indeed impressed by the professionalism, the attention and the benevolence of the teams!** Whether it was the resort manager, the cook, the receptionists, or anyone else, everyone was great!

### *What type of traveller would you recommend Marguery Villas to? And Mythic Suites and Villas?*

I'd say everyone! I am a rather adventurous person, who usually travels by backpack in small hostels and I was very happy to stay at Marguery Villas and Mythic Suites and Villas. **It's really good to be with a caring team, whether it's for a weekend or a long holiday, for young people or adults, with family or friends, I think there's something for everyone.**

*Do you have any advice for travellers as an expatriate in Mauritius?*

As an expatriate having lived in Mauritius for many years, I would say that Mauritius is an island full of surprises. Before coming to Mauritius, I thought it was just a beautiful island with white sandy beaches, **but Mauritius is also about mountains, waterfalls, culture and finally meeting people.**

Enjoy your **stay in Mauritius** and have a nice stay at Mythic Suites and Villas and Marguery Villas.
